

DEMENTIA Live®

Dementia Awareness Experience

Tuesday, April 30
1:30 p.m.

Within a safe setting, Dementia Live® provides participants with a real-life simulation of what it must be like to struggle with, and live with dementia.

Greater awareness of the struggle offers insight for caregivers, family, and friends to develop caring and coping strategies.

This dementia simulation program includes a short presentation and a simulation activity. The activity uses adaptive equipment to simulate what it is like to have dementia.
